

CARING SOLUTIONS
has already helped so many to soar
to new heights in their daily lives.

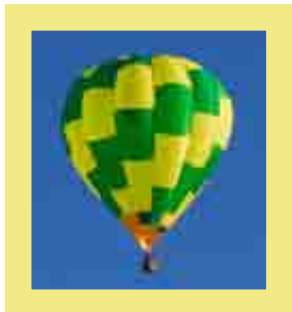

LORI (not her real name) . . .
was rescued from an unfit living environment
for both her and her mother, who also has
developmental disabilities.

They were verbally and physically taking out
their frustrations and lack of support on each
other. Lori received emergency placement with
Caring Solutions.

Even after Lori first moved into a Caring
Solutions' neighborhood-based home,
her aggression toward others and herself
threatened her chances of staying.
Institutionalized living was the only option
presented by outside sources. However,
Caring Solutions' staff did not give up.

Today, Lori is a pleasant young woman
who enjoys riding the Metrolink with staff,
attending a day activity program and
participating in community activities. One
other favorite activity of Lori's is having
lunch at McDonalds with her mom. Caring
Solutions' staff happily report that Lori and
her mom spend more time happily chatting,
laughing and embracing than they do eating
hamburgers!

Lori is developing her abilities . . . and soaring
to new heights!

Our gala is an opportunity to celebrate our successes!

It is also the most important fundraising event of the year. With it, we aim to raise 25% of our discretionary funds for the year. We use these funds to pay for non-reimbursed services such as training, start-up expenses for new referrals, emergency needs and the important extras that make life for the people we serve as fulfilling as possible.

Your contributions help make this degree of personalization possible. At a time when so many sources of assistance to people with disabilities are being curtailed, the need is greater than ever.

Individual Sponsorship \$135

Sponsor a Caring Solutions' individual to attend this special night at the individual ticket price or plan to come yourself to learn more about Caring Solutions and enjoy the festivities!
